Dear David:

Thank you, the Walden's and Pima County staff for coming to EPA Region 9. I hope the meeting was helpful to you all. We appreciated the discussion concerning water resources in southern Arizona. I have briefed our Regional Administrator on the information you provided. Please feel free to contact any of us in the future.

Regards,

Amy C. Miller

Amy, thank you for arranging the meeting yesterday. We appreciated you and colleagues sharing your time and insights with us.

As discussed, below is a link to the Ours is the Land video produced by the Tohono O'odham Nation regarding the Rosemont Mine. If you would please share with your colleagues, we would appreciate it. It might also be helpful for the Regional Administrator to see it before he visits with the Nation on Friday.

Thanks again.
